

Aleris Testimonial

Last Modified on 08/07/2020 9:17 am EDT

Trice is proud to partner with Aleris, one of Scandinavia's leading private healthcare providers with 450 practices in Norway, Denmark, and Sweden. Aleris, together with Tricefy, provides patients' access to their medical images, remote diagnostics, and second opinions. This considerable initiative involves connecting all types of imaging devices from x-ray, MRI, and CT to Tricefy. Aleris serves 500,000 imaging patients throughout Scandinavia and with innovation and technology at the forefront of their business, patients and providers will be receiving images electronically in real time from anywhere!

Click here to see how Tricefy connects one of Scandinavia's largest radiology groups.
