

Dr Vargas Use Case for Viewpoint 6 and Tricefy

Last Modified on 08/07/2020 9:31 am EDT

"The future must simply be that the patient, regardless of which hospital she is in, has access to her data. ViewPoint 6 and Tricefy are therefore excellent complements for us"

Dr. Varga

Chief Physician of the Obstetrics and Gynecology Department; Sana Hospital Biberach, Germany

Read more about Dr. Varga's vision of the "smart hospital" and how Tricefy plays a critical role in digitization and automation.
