

# Adaptive Reporting Sell Sheet

Last Modified on 03/25/2021 7:43 am EDT

The Adaptive Reporting sell sheet is a document that you can share with your prospective customers to give them a quick glance of all that Tricefy Adaptive Reporting can offer. Use this sell sheet to generate interest in Tricefy as a one-stop solution for archiving, communication and documentation. This sell sheet can be used to educate and upsell existing Tricefy customers.

## Adaptive Reporting

*Tricefy*

Tricefy Adaptive Reporting allows users to design their own custom templates so that your documentation needs are fully met. Automatically have your Ultrasound measurements transfer to fill the fields in your templates. Review. Finalize. Done.
