

ViewPoint 6 Getting Started Guide

Last Modified on 11/17/2020 5:16 am EST

This instructional guide will help new users get started with ViewPoint 6: GE's comprehensive ultrasound reporting and image management solution for Obstetrics, Gynecology, Radiology, Cardiology and vascular users. ViewPoint 6 can be integrated with Tricefy, allowing users to seamlessly share, collaborate, route and remotely access ViewPoint 6.
