

Distributor Newsletter Q4 2020

Last Modified on 12/15/2020 6:40 am EST

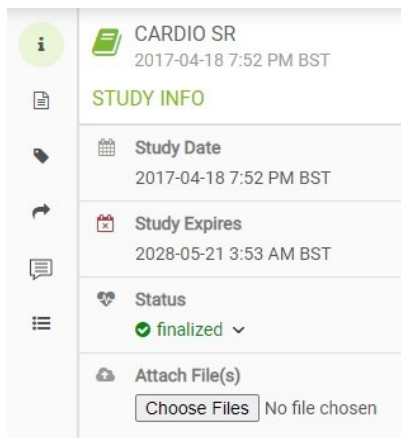

Dear Trice Distribution Team,

Thank you for making 2020 the success that it was. This year has seen unprecedented challenges and with that, the opportunity to truly live our mission and support our global healthcare community on the front lines of the pandemic. Through it all, we have continued to expand the Trice distribution network into South America and Asia which has further contributed to the growth of our global Tricefy customer base. Thank you!

We Use Tricefy:

This month's customer success story comes from the Indian Ocean island chain of La Reunion. Dr. Coralie Dumont, La Reunion, was looking for a solution to help the hospitals communicate patient cases with specialists located in Paris, France. That is when she found Tricefy.

"Tricefy combined with ViewPoint has increased our efficiency. It has also increased our quality collaboration through our staff meetings, which has impacted the quality of our medical decisions. We have now standardized our meetings and our reports with Tricefy. This has become a great win for all users!" -Dr. Coralie Dumont, La Reunion
