## New Year's Resolution for Healthcare Providers

We're ringing in the New Year by helping our customers realize even greater efficiency in 2023. Check out our New Year's resolutions for healthcare professionals to see how **Tricefy Cloud PACS** can elevate your practice.

**Get Organized.** Cloud PACS includes an easy-to-search database with a feature-rich DICOM Viewer.

**Get Compliant.** Keep your data safe and secure with Long-Term Storage and Redundant Cloud Backup.

**Improve Accessibility.** Access patient images, data and reports anytime, anywhere, on any device.

**Future Proof.** Easily transfer your current PACS database to the Cloud. Just for you - waived data migration fee!\* No need for onsite servers.

**Grow your network.** Easily share with outside physicians that can view medical images and clinical documents by accessing secure links.

\*Upgrade your current Tricefy service to Cloud PACS and we will waive the data migration fee. It's a limited-time offer until December 20, 2022. Why wait for next year? Contact us today!
